

PRESS RELEASE

FOR IMMEDIATE RELEASE

January 5, 2022

MMA Design is named a 2022 Best Place to Work by Built In Colorado!

Louisville, CO – Built In today announced that MMA Design is being honored in its 2022 Best Places To Work Awards. Specifically, MMA earns a place on the Best Small Companies in Colorado list. The annual awards program includes companies of all sizes, from startups to those in the enterprise, and honors both remote-first employers as well as companies in the eight largest tech markets across the U.S.

“Being recognized by Built In as one of the 50 Best Small Companies to Work in Colorado” says Mitch Wiens, MMA’s President + CEO, “reinforces our commitment to living our core values, where putting PEOPLE FIRST is central to our mission and success. We are grateful for our team’s dedication to each other and our culture, and the excellence they bring to bear in our work, and for our customers’ trust in us to do what we do best, all leading to MMA receiving this honor.”

Built In determines the winners of Best Places to Work based on an algorithm, using company data about compensation, benefits and companywide programming. To reflect the benefits candidates are searching for more frequently on Built In, the program also weighs criteria like remote and flexible work opportunities, programs for DEI and other people-first cultural offerings.

“It is my honor to extend congratulations to the 2022 Best Places to Work winners,” says Sheridan Orr, Chief Marketing Officer, Built In. “This year saw a record number of entrants – and the past two years fundamentally changed what tech professionals want from work. These honorees have risen to the challenge, evolving to deliver employee experiences that provide the meaning and purpose today’s tech professionals seek.”
